CELEBRITY PREDICTIONS FOR

Holly Willoughby

Holly is in a time where she can let go and go with the flow without letting her ambitions hold her back. The serious side of her nature is going to test her patience and her self analytical mind will cause criticism in how she presents herself to the world. Once assessed this energy is a powerful force of happiness and abundance in her life providing she trusts her ability to communicate her truth at all times. She is eager to please and does not want to cause any offence to those around her. Positive and optimistic is the energy that is going to follow through, even though karmically she will face difficulties and strong challenges next year. As she is presented with more opportunities to explore her talents the crunch for Holly will be making the decision whether or not to try for a baby.

Holly's Karma

The cosmic karmic energy of Holly's extremely evolved soul has come into this world to do something powerful, she has important choices to make in 2010, the keyword that jumps out on her destiny path is to take action on her dreams and ambitions. This must be done at a moderate pace to sustain stamina and balance and she must not allow herself to become over assertive with those closely connected to her. She will find that outside influences will become chaotic and destructive and she will feel the need to gravitate into the most beautiful accessible
