

Samantha Hamilton connects with her guides from the other side for psychic insights on Madonna

Celebrity Predictions:

Madonna

The words metal and steel come to mind here, Madonna's confidence is going to be tested this year. Her determined manner will be put under scrutiny and her abilities give her a broad audience to really expand her creativity. We can expect Madonna to be involved in the making of a blockbuster film and her own specific interests will really shine through in the movie. Her rather serious and

controlling nature will irritate others but never the less they will obey. Her involvement in the film will be physically challenging as well as emotionally and spiritually. We can expect her to be even more involved with group activities as she commits to her friends and family. Her care free nature is not as disciplined as she would like it to be. There are going to be concerns over financial losses but nothing

that she can not sort out. This is not going to be an easy year for her, progress will be slow, her patience will be tested. Her good intentions will be sometimes taken as a joke. This is going to be something of a challenging year. Never the less this queen of queens will find a way to get around her difficulties and prosper. Now we can expect an upturn and brighter karmic spiritual opportunities. She is not going to
